### And Her Brother Never Purchased One For Her Use

### In Protecting Herself From The Alleged Cruelties of Harry Thaw.

## THAW'S PHYSICIAN TESTIFIES

### That at His Examination of Defend- ant He Considered Him Irrational.

Miss McKenzie Ill.

New York, Feb. 27.—District Attorney Jerome aids brought a stack of heavy volumes of insanity authorities with markers in each into the Thaw court room at the opening of today's session. With this battery of technicalities the district attorney is prepared to bombard the alienist evidence.

Evelyn and Mrs. J. J. Caine came into the court room at 10:25 before the trial was opened and took seats with the Thaw lawyers. Evelyn sat next to the defendant's chair.

As soon as court was convened Thaw's lawyers told Evelyn and Mrs. Caine that they must leave the room. They were both visibly distressed and disappointed. Tears came into Evelyn's eyes as she walked slowly out.

Harry K. Thaw had just been called to the bar. Evelyn stopped at the ante-room door and smiled through her tears at him. He smiled back and she then quickly disappeared.

Justice Vernon Davis sat beside Justice Fitzgerald on the bench today. Lawyer Delmas paid a visit to Thaw in the Tombs this morning, the first time he has gone there on a trial day. On his return he said, regarding Thaw:

"Harry is happy today. He is of a sanguine temperament and he is always buoyant. He is very confident of the outcome of this trial."

Jerome explained that he wished to follow a "traversable fact" in the rebuttal testimony. To do this under the rules, he must have called Evelyn's attention to the subject.

## EVELYN WAS CALLED.

She came into the court room drying her eyes. She still showed the signs of her bitter disappointment in not being allowed to remain at her husband's side.

"You're a brother, Howard Nesbit?" began Jerome.

"Yes, sir."

"On your return from Europe in 1903, did you tell your brother Howard, in substance, that while you were abroad you had been brutally abused by Thaw to induce you to tell lies against Stanford White? And that these lies were that he had drugged and mistreated you, which story you told Howard Nesbit was false?"

"I did not."

"Didn't you tell your brother you were compelled at the point of a revolver to make some such statement?"

"I did not."

"Didn't you tell Howard these facts in substance at some time?"

"I did not."

"Each time this answer was repeated with greater emphasis and a longer pause between the three words."

"Didn't he say to you that you ought to have some way to protect yourself and suggest you should carry a revolver?"

"He did not."

"Did he buy you a revolver?"

"He did not."

"Did you ever have a revolver?"

"Never in my life."

"Didn't you give him money and send him to Siegel Cooper's to buy you a revolver?"

"I did not."

## FAMILY PHYSICIAN CALLED.

This completed Evelyn's examination and she was excused again.

Delmas then, to the surprise of everyone in the court room, called Dr. Chas. F. Bingham, the Thaw family physician, of Pittsburg, to the stand instead of insisting that Jerome should proceed with the cross examination of Dr. Evans.

Dr. Bingham is a typical family physician, slender, deep eyed and sul-

em, looking out kindly through his spectacles.

"Did you call upon Harry K. Thaw professionally in the fall of 1903?" asked Delmas.

"Yes; the first visit was November 16, 1903, and I continued to attend him until December 17," said the doctor.

"He was nervous, melancholy, slept badly, and ate badly. He was greatly changed. I had known much of his life. He was distressed and worried."

**SAYS THAW WAS IRRATIONAL.**  
"Did you see him at the Tombs in New York?"

"Yes; I saw him August 17, 1906, and again September 11."

"What was his condition at the time of the visit, August 17?"

"He was nervous, was sleeping badly and talked of a conspiracy between rich New York people to prevent his getting a fair trial. He said the court officials were in the conspiracy. He gave no names but said an effort was being made to send him to an asylum."

"Did you consider him rational or irrational?"

"Irrational, I should say. He was laboring under a delusion."

"What was his condition at the time of the second visit?"

"He had intertwined newspapers between the bars of his cell," said the witness, "and said the cold air might give him pneumonia. He said the officials were having the cold air forced in so that he might take pneumonia and die."

"He asked me to examine his pulse," continued Dr. Bingham, and asked me if it was peculiar. I told him it was not unnatural, but that it was irregular. He said that might have been caused by something that occurred after the act of Providence."

**CROSS EXAMINED BY JEROME.**  
Jerome began the cross examination of Dr. Bingham by trying to question him as to the collateral taint of insanity in Thaw's family. An objection by Delmas was sustained.

"It is important I should be allowed to show this," Jerome explained. "Dr. Evans has testified that this defendant suffered from a peculiar form of insanity, marked by 'brain storms' and 'explosive fulmination.' My purpose is to show that there is no taint of insanity in the Thaw family."

"We will gladly admit such testimony," said Delmas.

The cross examination did not develop anything important.

## MAY MCKENZIE ILL.

New York, Feb. 27.—May McKenzie, Evelyn Thaw's bosom friend, is seriously ill in her apartment. A subpoena server for the district attorney sought to serve a paper on her today and learned of her illness. Her physician hoped she would be recovered in a couple of days. Nervousness and the strain of the trial are assigned as the cause of her indisposition.

IN THE OPINION OF RETIRING  
SENATOR T. M. PATTERSON  
OF COLORADO

## BUY THEM BY CONDEMNATION

He Advocates at a Valuation of  
Eleven Billion Dollars, by  
Issuing Bonds.

Washington, Feb. 27.—Senator T. M. Patterson of Colorado, whose term expires March 4, started his Democratic colleagues in the Senate today by advocating governmental ownership of all railways under condemnation proceedings at the estimated market valuation of eleven billion dollars. He held that the commerce and post roads clauses of the constitution, under Supreme court interpretation gives ample authority for governmental acquisition of railways doing business with the state, as well as those engaged in interstate commerce. He presented a comprehensive plan of operation, calling for a great nonpartisan transportation board acting under the supervision of an enlarged interstate commerce commission. His plan of financing the undertaking contemplates an exchange of securities. The senator declared that bonds issued for such purpose could readily be sold at 3 per cent interest. "The power of these railway potentates has not diminished with the passing of the independent railroad."

"Wherever you go, whether to the national or the state capitals, you find powerful railway lobbies, binding those elected to serve the people, to the railroads' will. These mighty combinations throw their black shadows over every important political convention; they put their guardians in governor's offices, and in every legislature; they pollute the halls of Congress, and the public believe they turn many who were elected to serve the public from their duty to the country with the clenched fist and seductive bribe."

"This deadening influence extends from top to bottom of our political system. Now and then the people of the states elect a Cummins, a Boies, a Vanzant or a Folk, and the people of the country sometimes elect a Roosevelt. But, as a rule, even these popular victories do not permanently loosen the railroad grip."

The plan, in brief, is to give the interstate commerce commission absolute power to determine rates and classifications, with the understanding that at first there shall be no radical changes, but rates, ratemaking, fiscal, legal and operating methods shall be gradually supplanted. A nonpartisan transportation board would be constituted by one director from each of the 10 or 12 geographical divisions with chief director se-

## FAMILY GREET SKIPPER, LONG AGO REPORTED LOST.

CAPTAIN AND MRS. H. A. NICKERSON AND THEIR DAUGHTER MURIEL.

New York, Feb. 27.—For the first time in nearly two years, during which she suffered untold anguish because her husband's ship had been reported as missing, Mrs. H. A. Nickerson, wife of the British bark Daylight, yesterday stood upon the deck of the staunch craft with her little daughter and welcomed her husband captain upon his safe return from a most eventful voyage. The Daylight left these shores a little short of two years ago, and made a long passage to Japan. She was laden with case oil. Over this ticklish cargo trod Captain Nickerson, a Down East mariner, and his crew of 33 men.

Only once during her memorable passage to the Far East was the Daylight spoke, and that was 31 days out from this port, in August, 1905. In the cabin suite on the Daylight yesterday, which comprises three large rooms, luxuriously fitted out and resembling in all respects a suite in an apartment hotel, Captain Nickerson remained with his wife and daughter and held a levee for friends from the New England coast.

"Kelly," the Japanese steward and cabin amanuensis, prepared the 'crow' for the family and friends and Mrs. Nickerson and her daughter Muriel feasted their eyes on husband and father, as well as on the dainties of a Far Eastern cuisine.

Starting on its return trip, the Daylight sailed from Yokohama August 1 last and from Kobe October 25, and

was not spoken until she appeared off the Highlands.

"The life of a captain's wife is full of uncertainties just like the life of the captain himself," said Mrs. Nickerson. "I am thankful that my husband is back here, and I shall be happy until he leaves port again. Then it will be another year of anxiety."

Secretary Shaw, acting under instructions from President Roosevelt, has given orders for the summary removal of any official found guilty of negligence or dilatoriness in performing his duty. The disappearance of the money according to the federal officials is as much a mystery as ever. Chances that it was an error in book-keeping or that an outsider secured the vast sum, grow dim as the inquiry progresses.

SIXTEEN SMALL CHILDREN PERISHED WITH THEIR BRAVE GUARDIAN.

Holocaust in Canadian Mission School. Results in Awful Loss of Life on Tuesday.

Montreal, Feb. 27.—Principal Maxwell and 16 children perished in a fire which broke out in the Hochelaga school of the Protestant school mission. The school was located in a two-story brick building in the east end of the city, and was attended by about 200 children, whose parents are mechanics living in the neighborhood. The fire started from the furnace and was first noticed by workmen employed near by. The teachers were notified and the work of getting the children out of the building began. The kindergarten department was located on the second floor, and it was here that the loss of life occurred. The children were started out, but on reaching the landing they found the lower hall full of smoke. Into this they refused to descend. When the firemen arrived an extension ladder was placed in position and a large number of children were rescued in this way. All of the children and Miss Maxwell died of asphyxiation. Miss Maxwell died in an effort to save her pupils.

Add Principal Lost Her Life ..... Criminal prosecutions for members of the school board responsible for there not being fire escapes in the Hochelaga school, are talked of today. Aside from Miss Maxwell, the head teacher, who died in an effort to save some of her little charges, the dead are all children, most of them in the primary class. The first reports yesterday afternoon stated that 24 were dead and ten missing, but a count showed that the missing youngsters had succumbed for home at the outbreak of the fire.

**Fatal Fire.**  
Los Angeles, Cal., Feb. 27.—Fire that originated in the basement of the Fair Novelty store caused the death of one woman and property loss of many thousands of dollars. Mrs. Emma Stewart, an employee of the company, died an hour after being carried out. The building was valued at \$300,000.

ON SHIP SUBSIDY**

Washington, Feb. 27.—General debate on the ship subsidy proposition commenced in the house. Representative Grosvenor of Ohio opening the discussion. In answer to a charge made by Mr. Hinslaw of Nebraska, that there had not been a single vessel added to our merchant marine since the passage of the mail subvention act of 1891, and that the vessels that got a bonus from this country themselves carry merchandise to no greater extent; that the subsidy had not resulted in the increase of our commerce in the last 15 years one single particle, the gentleman from Ohio proceeded to show that Mr. Hinslaw was misinformed. He made the positive statement that since the passage of the mail subvention act, the International Mercantile company had built 10 vessels, many of them with a speed of 20 knots.

## HEADED BY ARMY OFFICERS

John F. Stevens' Resignation Announced—Work Will Not be Done by Contract.

## THE PANAMA PROCESSION.

Rear Admiral Walker, chairman of the Commission, and Members Parsons, Davis, Burr, and Grunsky, resigned by request of the President, March 30, 1905.

John Finley Wallace, chief engineer, pushed out June 27, 1905.

Colonel Oswald M. Ernst, member of commission resigned July 2, 1905.

Chas. E. Magoon, member of commission, and governor of canal zone, transferred September 1, 1906.

Theo. P. Shonts, chairman of commission, resigned January 23, 1907, to take effect March 4, 1907.

V. Leon Pepperman, chief Washington office of commission, resigned to take effect March 4, 1907.

John F. Stevens, chief engineer, resignation accepted February 26, 1907.

Purchasing Agent Ross and Auditor Benson have announced intention of resigning.

## COST OF CANAL.

Cost to date, nearly \$120,000,000.

Original appropriation for purchase of canal, \$50,000,000.

First appropriation for plant and work \$10,000,000.

Additional appropriations up to this year, \$32,000,000.

Appropriation by present Congress, \$25,000,000.

## WASHINGTON, Feb. 27.—

President Roosevelt, by an order issued to the Panama canal commission, has transferred to the engineer branch of the United States army the responsibility for the further construction of the Panama canal. He also, in the same order, which took the form of a letter addressed to the chairman of the commission, Mr. Shonts, himself about to

retire from all connection with the enterprise, formally recorded the abandonment, for the present at least, of the project of having the canal work done by contract on the percentage system. Another feature of the order was the announcement of the resignation of John F. Stevens as engineer in charge of the canal construction.

In his letter to the chairman of the canal committee instructing that body to reject the bids for the construction of the canal, the president states that the purpose of the contract was to secure in the building of the canal the services of the best, most experienced and most skillful contractors in the country at the least expense to the government. This purpose failed, he stated, as the contractors, whose personal services in the work are what the commissioners sought, had made arrangements to divide the profits under the percentage bid with bankers and others to whom the contractors have

DAUGHTER OF C. W. STUMP. Mrs. C. W. Stump, of Canton, Ohio, writes: "I wish I could induce every mother who has a weak, sickly child to try that delicious cod liver preparation, Vinol. Our little daughter was pale, thin and sickly. She had no appetite and no ambition. We tried various medicines, but without any benefit whatever, and she could not take cod liver oil or emulsions, as they nauseated her and upset her stomach.

"Learning that Vinol contains all the medicinal and strength-giving properties of cod liver oil, but without the disagreeable oil, we decided to try it, and the results were marvelous. It gave her a hearty appetite; her color returned to her cheeks and she is stronger and in better health than she has been for years.

"I cannot say enough in favor of Vinol for weak, delicate children."

Our local druggist, Frank D. Hall, says: "We have never sold a medicine in our store equal to Vinol for delicate, ailing children, weak old people, or sickly women and children, and we return money if it fails to benefit."

DENISON WINS FROM HIRAM IN FIRST DEBATE

TARIFF QUESTION DISCUSSED BY THE COLLEGIANS AT GRANVILLE.

Mrs. Shumard Dies at Old People's Home—Denison Wants Dr. Herrick.

Granville, Feb. 27.—The first annual debate of the Hiram-Denison Debating League between Hiram college and Denison university, was held at the Opera House, this place, Tuesday night in the presence of a large audience. The gallery was well filled with students, and college spirit manifested was a credit to Denison.

The officers of the Hiram-Denison Debating League are as follows: Hiram college—President, L. W. Wharton; secretary, H. A. Baker.

Denison university—Chairman, W. Gear Spencer; committee, G. W. Phillips, C. A. Carman, T. H. Maul, W. R. Taylor, and S. G. Bridges.

The teams chosen to represent the two institutions at the debate Tuesday night were as follows:

Hiram—James W. Swihart, captain; C. Clayton Cunningham, Lloyd H. Miller, and Joseph H. Nevins, alternate.

Denison—Elsor Heater, captain; Ellis P. Legler, Earl R. Bull, and T. H. Maul, alternate.

The question to be discussed was as follows: Resolved, "That the policy of the government of the United States should be tariff for revenue only."

The judges were as follows: C. W. Dustin, Judge Second court of Ohio, Dayton; H. C. Ferguson, editor of the Indicator, West Lafayette, and Hon. Edward Kibler, attorney, Newark.

President Emory W. Hunt of Denison university, presided over the meeting.

Denison university took the affirmative side of the question and Hiram the negative.

After a two hour intellectual struggle that kept the attention of the audience up to the highest point and tried the mettle of the participants on either side, Denison succeeded in wresting from the representatives of Hiram the victory of the first annual intercollegiate debate.

The Denison team, which took the affirmative in the debate and won the decision which it so fairly merited, was represented by Elsor Heater, Ellis P. Legler and Earl R. Bull.

The Hiram team which supported the negative and was represented by James W. Swihart, C. Clayton Cunningham and Lloyd H. Miller, and these young men, while not obtaining the decision, conducted themselves in a manner that reflected only the greatest credit on their alma mater.

During the evening excellent music for the occasion was furnished by Mrs. Wilson and Mary Turner Salter.

Death at Old People's Home.

Mrs. Rebecca Shumard, a highly respected member of the "family" in the Home for the Aged at this place, died Monday night at 9:30 o'clock, after a lingering illness. Mrs. Shumard was born in Cork, Ireland, on September 26, 1832, and was therefore in the seventy-fifth year of her age at the time of her death. When quite young she came to the United States, and on June 10, 1852, when only 19 years old, married Thomas Shumard, a veteran of the War of 1812. Mr. Shumard died many years ago. According to Mrs. Shumard's own story she was converted when only seven years old. She was a truly Christian woman, and was beloved by all who knew her. The funeral services were held at the home Wednesday morning at 9:30 o'clock, and the interment was made in Maple Grove cemetery, where eight other members of the "family" are sleeping. Thirteen deaths have occurred at the home since it was located in Granville four years ago.

Memorial Service.

About twenty of the W. C. T. U. ladies met at the Home on Friday of last week and held a Frances Willard memorial service. An exceedingly interesting memorial service was carried out.

Literary Contest.

The Irving Literary society of Denison university held its annual contest in declamation for the purpose of choosing a representative in the coming Irving-Cicero contest. There were seven contestants and Newton Carman of the Senior Academy class was declared the winner and will represent his society in the contest.

Prof. C. J. Herrick.

Our biology professor, Dr. C. J. Herrick, has received a most complimentary offer from Chicago University for the position of professor of neurology in that institution. New York, Feb. 27.—Thomas Noonan, a factory watchman, was arrested on a charge of shooting to death Philip McNally, night engineer in the factory where Noonan was employed. Noonan admits the killing, but declares he acted in self-defense. The trouble which led to the tragedy arose some time ago, when Noonan lost his position as watchman. He held McNally to account for the loss of his position.

NEWARK GIRLS ARE STAGE STRUCK

Nearly Half of Them Are Thus Afflicted in the Opinion of One Man.

"I believe about half of the girls in this town are stage struck."

This remark was made by a well known Newark man who is not the least interested in local amusement affairs, while talking to an Advocate man Tuesday. He is in a position to know whether that is true or not, and, while his remark might be a little broad, he seems to know what he is talking about. When asked what made him think so he said:

"Well, you can tell by their actions quite a bit. I've talked with a great many girls of the town and about the first subject they arrive at is the stage. That may be because they know I am interested in the business. As I was saying, they almost invariably wind up with the remark, 'I'd like to go on the stage for a while anyway,' or something like that. One young woman told me that she would give almost a third of her life to be before the footlights until she got tired of it. And, take it from me, I think after about half a season of one night stands, she would ask for that other third of her life and give up the stage. Another girl, pretty well known here, who has finally succeeded in getting on the stage, remarked that the stage appealed to her because she was pretty sure she could make a success of it, having considerable histrionic ability. I told her that she had better stay away from the business until she became sure she could make good. It was only a short time after that that she succeeded in landing an engagement with an opera company. I haven't seen her for some time."

"What are your objections to the stage as a profession for girls of strong character?" asked the scribe.

"In the first place, a girl meets with so many novel and interesting temptations that if she is not extremely careful she can't resist them, especially when other members of the company insist."

"Then you take a young woman and put her on the stage without much training in the work, and she will soon become completely worn out. The work is so much different than it looks. If she once goes on the stage, travels about the country, moves among the jealous and happy go lucky class of the theater, she's almost bound to stay in the business whether she makes a success of it or not."

"I know a girl who lives in Chicago. Her parents are very well to do and are excellent people. They came from the state of Georgia. This girl had a good voice and had taken considerable training. She finally succeeded in getting a place with an opera company. Well, the manager, of course, started her in the chorus, and found her satisfactory for that. She has now been singing in choruses

of various organizations for the past five years, and last season I met her in Wisconsin with a big musical comedy. I asked her how she was getting along, and she smiled a kind of sickly smile and said she was doing very well, but that she had been hoping for two or three seasons that she could get a part and try to make a success. She said that if she did not think she could get a part she guessed she would leave the stage and go home.

"Now, that girl will probably sing in choruses until she doesn't look or sing good enough to take a part, and then she will be satisfied to take life easy in Chicago."

When asked what he thought of young men trying the stage, he said: "It's much the same way with young men unless they get into the managerial end of the business, and then, if they are careful and shrewd, it is a most profitable line of work."

**CITIZENS MEETING  
IN COUNCIL CHAMBER  
TOMORROW EVENING**

In the city council chamber tomorrow evening a meeting of Newark citizens is to be held for the purpose of taking final action on the proposition which is now before the Board of Trade. The importance of this meeting can hardly be overestimated as the turning point in the enterprise now under consideration has been reached. If it is to be carried to a successful conclusion, a little more effort must be expended, a little more liberality must be shown.

Local conditions make it very necessary to carry this work through successfully, and the men back of the proposition are determined to exert every effort to win.

The fact that a number of people who, in the opinion of the Board of Trade members, ought to be first in volunteering subscriptions are holding back is having its effect and has discouraged many who otherwise would not only assist financially in the project, but who would help in securing contributions from others.

It is certainly to the interest of every property owner and all others engaged in business in Newark, to have the Board of Trade succeed in this work, and if each person will do his duty there will be no question as to the result.

The Board of Trade will in Friday's papers announce the list of subscribers to the fund. This announcement is now made that all who have not as yet been visited by the several committees, may have an opportunity to enter. The committees are busy business men who are able to devote only a portion of their time to the work, and doubtless a number who would willingly give may not be approached by the solicitors. Those who desire to help in swelling the fund may telephone to President F. M. Black's office and a subscription paper will be sent immediately.

The L. B. Foster company proposes to convert the old Newark Iron and Steel plant into a rail rolling mill, and to employ 150 skilled men. The proposition submitted by the company has been thoroughly investigated by the Board of Trade which sent a committee to Pittsburgh and

to Cumberland, Md., where a mill is now in operation. The work will begin as soon as the bonus is guaranteed and fair progress in the subscription list is now reported.

The committees propose to make a special effort tomorrow, and hope to conclude the work tomorrow night. Those who are active in the work feel sure that all fair minded men who hear the details of the proposition will be willing to help, and for that reason a special invitation is extended to the people of Newark to turn out tomorrow night and attend the citizens' meeting in the city hall. The matter will then be fully discussed and the proposition will be either accepted or rejected.

The time to act is now. Newark deserves to grow and prosper and conditions are favorable to a renewal of prosperity here, but it will take a little effort, and perhaps a little sacrifice to secure the desired results. Attend tomorrow night's meeting and show by your presence that you are one of the "live ones"; that you are in favor of giving Newark a more prominent place on the map.

De sparrer and de jay-bird,  
Waz settin' on de lumb,  
And waz braggin to each uddah,  
How sweetly dey could sing.

Says de sparrer to de jay-bird,  
"We both will sing some songs,  
An' leab it to de red bud,  
As to whom de cake belongs."

De red-bird listened fust to one,  
Den listened to de uddah,  
And wid de awful noise dey made,  
It made him shake and shuddah.

"Who tole dat waz singin'  
Dat's what I'd like to know?"  
Den d's jay-bird tole de red-bird,  
Dat it wuz "Ole Mistah Crow."

Dr. Parkhurst condemns the press "because it always seeks out the abnormal." One newspaper is cruel enough to observe that if it had not been so the doctor would have been unknown to fame.

The Board of Trade is making a determined effort to finish the Foster bonus project today and tomorrow. Have you done your part?

A well known Newark minister was called to officiate at a wedding not long ago. Unfortunately he did not know that the bride-elect had been twice married and as many times divorced, so when he good naturedly remarked that he intended to tie the knot "good and tight" it was no wonder the bride's eyes sought the floor.

Col. M. M. Gillett was in Washington the other day and while there met his friend Congressman B. G. Dawes. Mr. Dawes suggested that the Colonel wait a day or two for his return trip, saying that he himself was coming to Ohio and would be glad to accompany him.

"Over which road do you travel?" queried the Colonel.

"Usually go west by the B & O," responded Mr. Dawes.

"Better take the Pennsylv." added the Colonel. "You know the B & O killed 60 or more right here in Washington the other day."

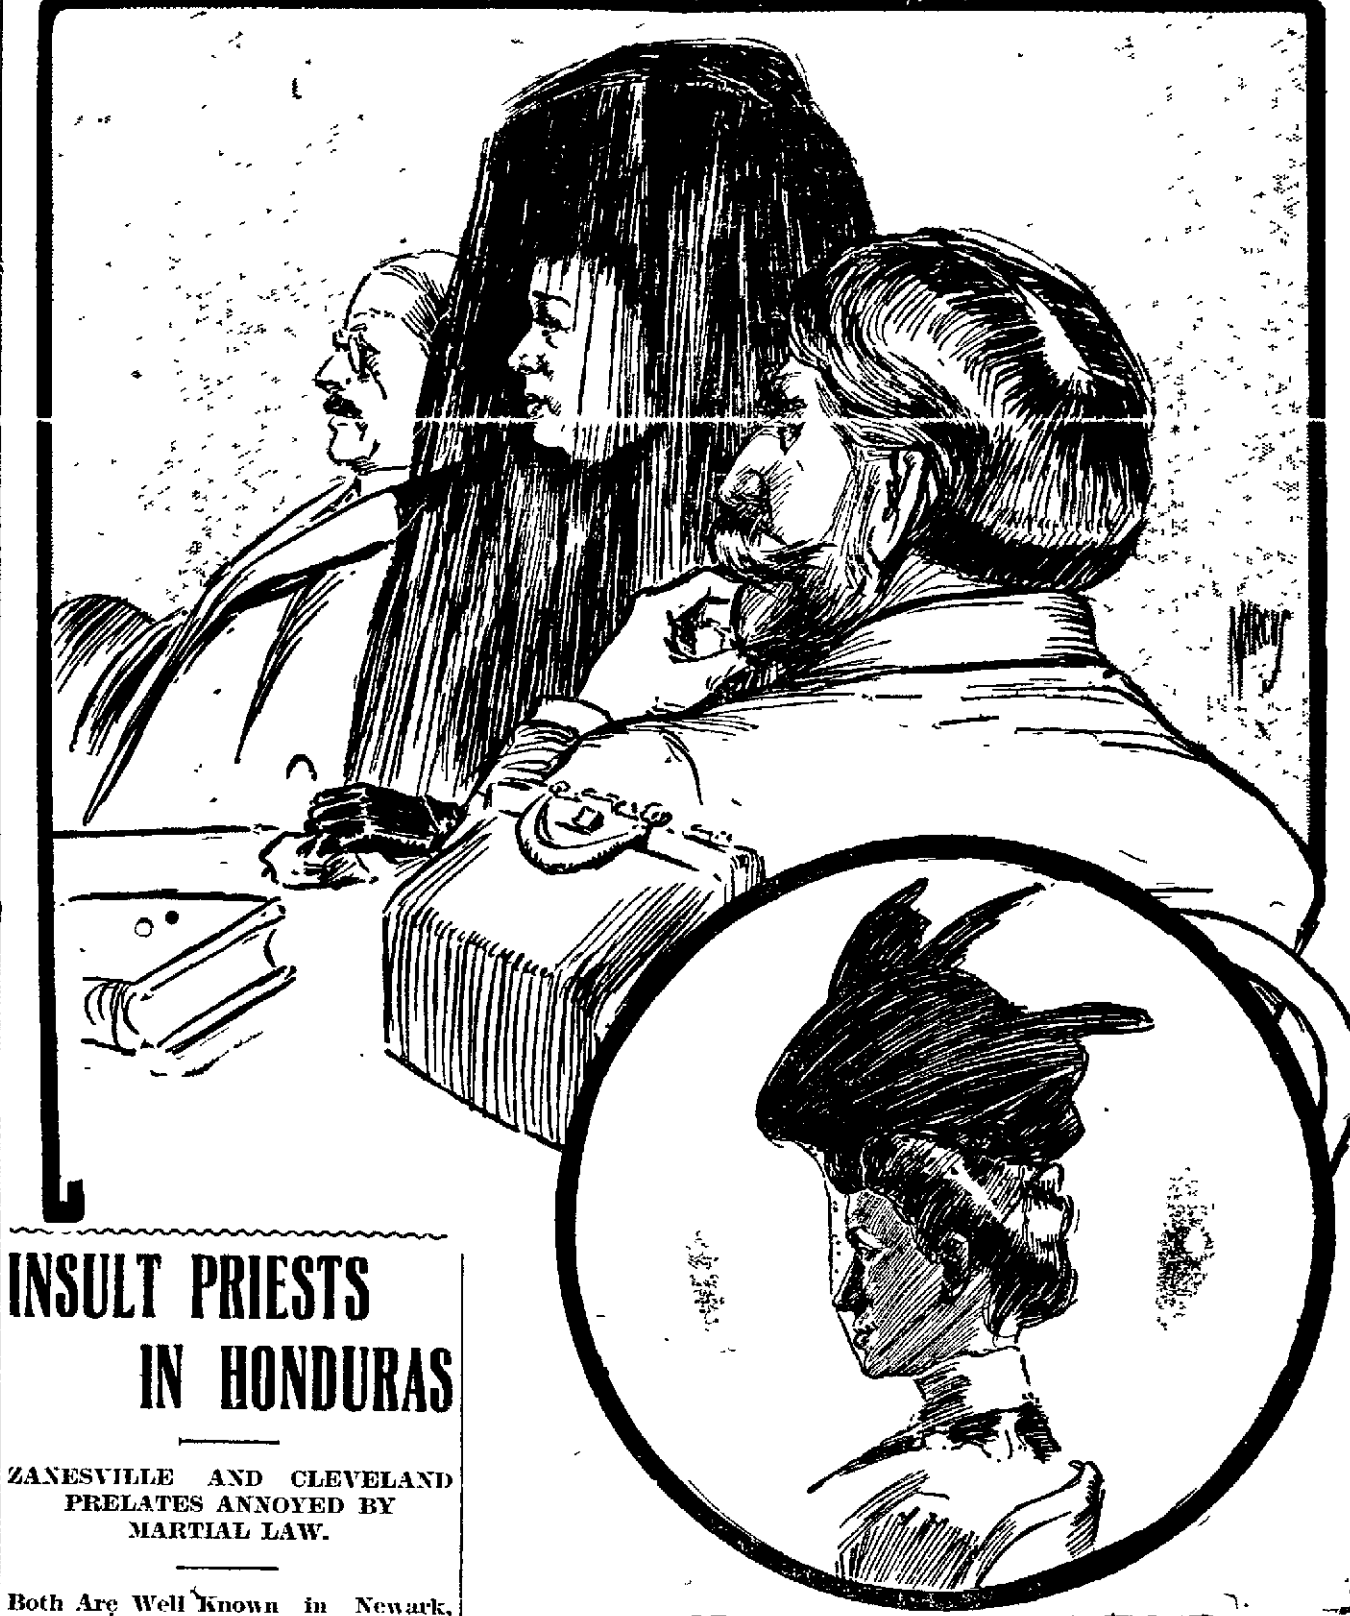

Mr. Gillett was called home. On Monday he received a dispatch from his friend Dawes reading something like this:

"Took your advice, still think pretty well of the B & O."

Mr. Dawes was injured in the Pennsylvania wreck Saturday but fortunately his hurts are not serious.

MRS FLORENCE MAY CLEVELAND.

New York, Feb. 27.—Mrs. Charlotte Wallau was discharged by Coroner Acitelli and promptly rearrested on a warrant from the district attorney's office charging her with the murder of her mother. She was admitted to \$50,000 bail and went home with her husband and son.

**INSULT PRIESTS  
IN HONDURAS**

ZANESVILLE AND CLEVELAND  
PRELATES ANNOYED BY  
MARTIAL LAW.

Both Are Well Known in Newark,  
Where They Have a Great Number  
of Friends.

In the press dispatches of Tuesday mention was made of the indignities inflicted upon two priests of the United States, at Honduras, which is under martial law. These priests were Father Kress of Cleveland and Father Leininger of Zanesville. Both of these reverend gentlemen have many friends in this city, especially the latter, who has been an acquaintance of Rev. B. M. O'Boylan for the past 20 years, and Father O'Boylan and his assistant, Father Plunkett, have been taking charge of Father Leininger's parish since his departure on February 6. Father Plunkett celebrates mass there every Sunday. Father Leininger has visited in Newark several times and has celebrated mass here. Father Kress of Cleveland, is a well known lecturer, and he endeavors to correct the mistaken ideas of non-Catholics with regard to the faith, these lectures being delivered free.

The following from Zanesville tells of the feeling existing in that city concerning the outrage.

Zanesville, Feb. 27.—That inconvenience and annoyance because of the martial law regulations in Honduras came to Father Kress and Father Leininger, both well known and greatly beloved in Zanesville, caused a widespread feeling of deep regret and indignation in this city. The embarrassment was only temporary and it is reasoned here by the informed that because of their cloth these clergymen will not be subjected to further trial or punishment. These holy fathers were doubtless upon some errand of mercy and were the victims of over zealous military guards in carrying out the orders of the day.

Father Leininger is pastor of the St. Nicholas Catholic church in this city and is prominent as a great worker in the cause of the church. Kress, his companion, is one of the apostolic fathers and is established at Cleveland. He frequently visited Zanesville, the guest of his friends of the local clergy. He will be remembered as conducting the mission service in St. Nicholas church last January and went south from here.

Father Leininger had been visiting in his labors during the erection of the Good Samaritan hospital, having almost entire charge of the work, and subsequently his health broke down. He started on a well earned vacation with hopes of restoring it. He left Zanesville on February 6 for New Orleans. He and Father Kress, expected to conduct a mission at Baton Rouge, La., during the rigorous winter in the northern climate they left, amidst the balmy breezes of the southland. The church where they were to work was destroyed by fire and the fathers started on a 12 day trip to Central American states for pleasure and health. Their warm friends here are ready to seek the aid of the government if any further indignities are offered these holy men on their mission of pleasure and gospel bearing.

**STATE NEWS**

**Ruling on Inheritance Tax Repeal.**  
Columbus, O. Feb. 27.—In the cases of Friend vs. Levee and Bing vs. Bing, coming from Cincinnati testing the regularity of the repeal of the inheritance tax law, the state supreme court held that the repealing act was immediate and absolute on its passage and applied to all estates alike. There was an amendment to the law providing that estates in the process of settlement at the time of enactment were excepted.

**Semler Out.**  
Akron, O. Feb. 27.—Charles Semler, a prisoner from the criminal court here, has been paroled from the Mansfield reformatory, where he was sentenced a little more than a year ago to serve an indefinite term for obtaining \$5,000 from the Second National bank here by false pretenses. Semler was arrested in San Francisco in October, 1905. He was convicted after a hard legal battle.

**To Combine Reformed Colleges.**  
Tiffin, O. Feb. 27.—At a special session of the Ohio Synod of Reformed church, final action was taken in combining Heidelberg Theological seminary of Tiffin and Ursinus School of Theology of Philadelphia under the name of Central Theological seminary. The location will be determined later, but that it will be located in some centrally located large city is contemplated.

**Boys Barred From Theaters.**  
Toledo, O. Feb. 27.—The city council passed an ordinance making it a misdemeanor for theaters to admit children under 17 except when accompanied by parents, guardian, teacher or member of family. Fine of \$50 or three months imprisonment is the penalty. Theater managers claim the ruling will paralyze their matinees.

**Cut to Pieces.**  
Kent, O. Feb. 27.—John Ryan, 68, an Erie car repairer, was sent to Akron to do some work, and in the shadow of the big Werner works, where his daughter Mabel is employed as a stenographer, he was cut to pieces by a switch engine. Ryan had worked for the company in Kent 43 years.

**Clothing Caught Fire.**  
Circleville, O. Feb. 27.—George, the three-year-old son of B. F. Ryan, was boarding home. The child had lain down on a cot in front of a gas radiator and had gone to sleep. It is supposed that he rolled near enough to the radiator for his clothing to catch fire.

**Died of Broken Heart.**  
Ravenna, O. Feb. 27.—Worrying over the tragic death of her son, Robert Finch, the 15-year-old schoolboy who died of heart trouble while being

punished by his teacher for misbehavior, last week, the mother, Mrs. George Finch, 35, fell dead in her doorway of a broken heart.

**About to Die; Pardoned.**  
Columbus, O. Feb. 27.—Governor Harris granted an unconditional pardon to J. S. Butler, who was sentenced to life for murder from Lorain county. Butler was received at the prison in 1903, and the physician and warden recommended the pardon, saying the prisoner is about to die.

**Stubbed His Toe.**  
Bellefontaine, O. Feb. 27.—As the result of stubbing his great toe, George Myers, 50, of West Liberty, is dead. While en route from the barn to his home Myers struck his toe against an obstruction. Complications set in and he suffered for months.

**Drons the Case.**  
Hamilton, O. Feb. 27.—When the case of the state against Sophia Garrett, indicted for murder in the second degree was called, Prosecutor Woodruff stated that he had decided to drop the case because of the woman's condition. She is confined in Mercy hospital, suffering from an incurable disease, and her death is believed to be a matter of only a few days.

**DRUNKENNESS CURED**

It will be gratifying to all lovers of temperance and a happy home to know that a simple and a scientific cure for the whiskey and beer habit has been discovered. Orrine never fails to cure drunkenness if it is used in accordance with the simple directions in the package, and the discoverer has so much confidence in the treatment that we are authorized to sell it with an absolute guarantee, to effect a cure or the money will be refunded.

It is in two forms. No 1 to be given secretly, and No 2, for those who wish to be cured, \$1 each. Mothers and sisters have told us of husbands and brothers who since they were given Orrine, in many cases without their knowledge, have lost all desire for drink, and we are glad to recommend the remedy. Mail orders filled. The Orrine Co., Washington, D. C., or F. D. Hall, Newark, O.

**IN POLICE COURT.**

The evidence brought in by the arresting officers who brought in "Dogie" Feunnegel and Eddie Myers on Sunday night charged with breaking the show case at the candy stand in front of Gus Kern's place, failed to convict the boys and they were dismissed by Mayor McCleery.

The boys gave a good account of their actions Sunday night and proved by their statements that they were in no way connected with the misde-

Alec Eckert, an East Newark young man, was brought in by Officer H. N. Smith of the Pan-Handle railroad for throwing stones at a freight train on that road. The young man boarded the train and was put off by a brakeman. Eckert grew angry and threw a number of stones at the railroad man. His arrest followed. Eckert was fined \$5 and costs and given a 30 day jail sentence which was suspended on condition of good behavior in the future.

**EMERSON'S SHORTAGE.**

Columbus, O. Feb. 27.—E. B. Archer who is examining the books of former Clerk of the Supreme Court L. E. Emerson, has finished the checking of the books and will now prepare his report. It will probably be in the hands of the state auditor in a few days. Speculation now puts the shortage between \$3,500 and \$3,800. Emerson, who is still in Columbus, claims to have the money to cover the shortage whatever it is, but he does not admit that it is so much.

By prompt covering of the shortage it is believed that he will try to forestall any criminal prosecution.

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength. An unequalled list of cures—40,366 testimonials in two years—proves its merit.

**Sarsaparilla**—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in chocolate-coated tablets called Sarsaparilla, as well as in the usual liquid form. Sarsaparilla has identically the same curative properties as the liquid form, besides accuracy of dose, convenience, economy, there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent by mail, enclosing 3 cents, to The Sarsaparilla Co., Lowell, Mass.

## OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers, and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers are back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the blood cannot be cut away. The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood. Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.

## Sleep Impossible with itching Eczema.

Read what this grateful man has to say of

## D. D. D. Prescription.

DAYTON, Ohio, March 15.  
Gentlemen: "My mother, who is afflicted with D. D. D. at DeGraff, Ohio, by a druggist to whom I appealed for a successful remedy for the relief of Eczema with which I had suffered for years. The remedy proved to be a success, and I would willingly pay \$10 per bottle for D. D. D. if it could not be obtained for less. I had tried many doctors' prescriptions and various remedies with little or no success and had lost considerable sleep from the constant itching and burning which was most intense during the night. After many sleepless nights I was willing to try almost any remedy and then I found out that D. D. D. was the matter of great satisfaction to me. "D. D. D. has given me permanent relief when all other remedies failed to travel most of the time and never failed to have a bottle in my grip. I have about half a bottle of it with me now and I have not seen any more of it. I would not give up the bottle for anything in the world. Anyone suffering severely from Eczema will readily understand what this means. "I have never failed to recommend D. D. D. and I found that it gave general satisfaction whenever it was used. I have even recommended it to druggists and have had them have large supplies for people who tried it and were benefited. "My business requires my constant calling on the drug trade and I have had an opportunity to speak many words in praise of D. D. D. which is certainly a God-send to humanity." ## DISCUSS UNIFORMS FOR NEWARK TEAM

NAVY BLUE WITH WHITE TRIMMINGS FINDS FAVOR WITH DIRECTORS.

Club House and Shower Bath Will be Installed for the Players at Wehrle Park.

How would you like to see the Newark baseball team cavorting around in the diamond dust at Wehrle Park next summer attired in a neat blue uniform trimmed with white? That is just about what the local team will wear next season. The suits will not be of the cheap grade of the suits worn last season but will be right up to the standard when it comes to quality.

The question of uniforms was discussed in a general way at last night's meeting of the directors of the Newark Baseball company. If the uniforms are blue, as suggested above, they will not be made of skyblue cloth but of the regulation navy blue. If the trimmings are white, it will not be chiffon nor yet of mouslin de soie but of some other material which will be equally becoming to the blonds and brunettes of the team.

A representative of Spaulding & company will be in the city Saturday and the directors will inspect samples and different styles of uniforms. It has not been decided whether the garments will be cut according to the dictations of Worth of Paris or Mrs. Osborne of New York, but the fans can rest assured that the suits will be acceptable in every way. However, if there are any objections by the fans, they can be registered before Saturday and they will be considered.

The directors also discussed the changing of the entrance at the park in order to avoid the congestion at the gate. It is the intention of the directors to either make a new entrance on the west side of the ticket office where general admission tickets only will be sold. At the big gate, grandstand tickets will be sold together with the general admission tickets.

A club house where the players can change from their uniforms to their street clothes, especially after the regular morning practice, will be erected. The rooms will be large enough to accommodate the entire team and arrangements will be made to install a heating apparatus to heat water for the shower bath.

Manager Berryhill will report here about April 1 and the players will follow ten days later. A week's hard practice will follow the reporting of the players and then a series of exhibition games with various teams will be offered to the fans.

## THOMAS ALBAUGH WAS ARRESTED WITH HIS WIFE

ON A CHARGE OF ATTEMPTING TO KIDNAP HIS TWO STEP-CHILDREN.

Max McCann's Case Set for Friday—Court House Cases Gathered Wednesday

Some time ago the Probate court granted a divorce to Ezra Wimer on the ground of infidelity. Thomas Albaugh being named as co-respondent and gave him the custody of two children. Subsequently Mrs. Wimer married Albaugh, and ever since that time she and Albaugh have been wanting to get possession of the two little girls, which the court refused them. The husband, who got the divorce, is now living very ill in McKean township, and has had his two daughters with him. Wednesday Judge Bristle was notified that Albaugh and his wife had gone to Wimer's home and had taken the children by force and were going to take them to Columbus, where they now live. The judge issued a warrant to Sheriff Redman for the arrest of Albaugh for contempt. The sheriff found Albaugh and his wife and the little girls, and brought them into court Wednesday afternoon. Albaugh and his wife strenuously denied any intention of kidnapping the children and said they had brought them to Newark with the consent of their father, Mr. Wimer. The court ordered them to pay the costs of the proceedings and to return the children to their father at once, under penalty of being sent to jail, which they agreed to do.

In the case of State of Ohio vs. Max McCann, in which a demurrer was filed to the indictment, the court overruled the demurrer and set the case down for trial Friday morning. Fitzgibbon, Jones & Jones.

To Extend Corporation. The county auditor has certified a copy to the city clerk of a resolution by the commissioners granting the petition of certain parties in Newark to extend the corporate limits of the city north; also a certified copy of a similar resolution granted on a petition by certain city parties to enlarge the boundaries of that town.

Not Squire Lake. Excitement was created in Common Pleas court Wednesday when a peace warrant case was called of Ohio vs. Lee S. Lake, and Justice Lake was ordered to appear in court forthwith. On investigation, however, this was found to be due to a mistake in the transcript, the name of Lake appearing as defendant instead of as examining justice.

Defendant Dismissed. In the case of State of Ohio vs. Carl Frazier, Judge E. M. Wickham after hearing the evidence dismissed the prosecution and discharged the defendant. The action was a peace warrant case, in which the prosecuting witness, E. A. Trout, claimed that he was assaulted by defendant, and was in fear of further bodily harm being inflicted upon him by the defendant. Fitzgibbon, Leamon; Smythe & Smythe.

Will Settle Out of Court. On affidavit of Minnie Hayes, a warrant for the arrest of Ralph Stevens of Barnesville, on a paternity charge, was issued by Justice Lee S. Lake. The warrant was placed in the hands of Constable Brooks, who went to Barnesville, arrested the man and brought him to Newark. After Stevens arrived here he held a conference with the girl, the result of which was that a settlement of the case was agreed upon. Stevens returned to Barnesville, accompanied by Constable Brooks, in order to raise the money necessary for the settlement, and the case was continued by the justice until Thursday.

Ulrich Gave Bond. Stephen Ulrich was arrested on a warrant sworn out in Justice Lake's court by Melvin Billman, who charged him with making an assault and battery on him. Ulrich gave bond in the sum of \$50 for his appearance in Court Thursday morning at 9 o'clock.

McCann Files Demurrer. In the case of the State of Ohio vs. Max McCann, charged with making a criminal assault on Eric Ross, a 14 year old deaf mute, the defendant filed a demurrer to the indictment for the reason that the facts set out are not sufficient to constitute a crime under the laws of Ohio.

In Probate Court. Anna Lavin, as administratrix of the estate of Mary Lavin, deceased, has filed a petition in the Probate court asking an order to sell real estate to pay debts.

Divorce Granted. The divorce case of Isa Laugbery vs. Wm. Laugbery, was tried in Probate court Wednesday afternoon. S. Leamon appearing for the plaintiff. The defendant made no defense. The

parties were married three years ago and the plaintiff charged cruelty and neglect. The evidence showed that the defendant had struck the plaintiff and abused her on two different occasions, had deserted her and had contributed nothing to her support since their marriage. The present residence of the defendant is unknown, and he remarked to different persons that he did not care for his wife and would not live with her again. The court granted the decree to plaintiff and \$200 alimony and restored her to her maiden name.

Motion for New Trial. Attorney Frank A. Bolton has filed a motion in the Common Pleas court asking for a new trial for Aaron Mitchell, the colored lad, convicted of sodomy.

Real Estate Transfers. George W. McKittrick and wife to Samuel A. McKittrick, real estate in Utica, \$1250.

David E. Varner and Pearl M. Varner to H. Lucracia Brice, 39 feet off the south side of lot 1932 in G. W. Penney's addition to Newark, \$1500.

Florence E. Drumm and husband to Charles M. Johnson, real estate in Hanover, \$1 and other considerations.

APPLETON. Last Thursday was a day long to be remembered by the school of this place, when the primary room rendered a program partly in honor of Washington's birthday and part was a Christmas entertainment that they had prepared and on account of sickness failed to give at that time. Everyone present speaks in the very highest praise of the day. Much credit is due our teachers, Prof. C. W. Guinon and Mrs. Lola Vanfossen, especially the latter, for the way the little tots acted their parts showed skill and good training. The program proper was carried out by the primary room.

Mrs. Lydia Cosner still continues very poorly, but little hopes being entertained for her recovery. The second quarterly meeting for

## It's a Fact

a Well proven Fact, that  
RHEUMATOL  
IS THE BEST RHEUMATISM CURE ON THE MARKET.

It is a preparation made from the prescription of an old Michigan physician, a prescription brought to our store more than fifteen years ago, and since the death of that physician, we have taken the liberty of giving the public the benefit of his knowledge of the cure of RHEUMATISM.

MOREOVER, we know so positively, just what the remedy will do, that we offer and will return to you your money in the event that you are not cured. IT WILL CURE ANY CASE OF RHEUMATISM.

## LIFE

By Byron Williams.

With fevered hands does man  
His work assail!  
He vows to chain Success,  
Where thousands fail!

Tho' dozens reach the goal  
With bleeding feet,  
And go to claim the prize,  
'Tis Death they meet!

Is ruling worth the toll  
Of sunshine lost?  
The ravish of one's self  
At deadly cost?

Or is it more divine  
When morn's begun,  
To be content with Life  
And bless the Sun?

**"DINNER'S COMING****--I SMELL IT"**

Does Your Stomach Feel Happy when  
Meal Time Comes?

When you sniffle in the air the ap-  
petizing aroma of something cooking,  
do you feel that you could sit down,  
open your mouth, pin back your ears  
and eat with a delicious gusto, every-  
thing set before you, and not feel any  
bad effects from it?

In other words, can your poor  
stomach take care of everything and  
anything you put into it? There are  
thousands and thousands of people  
who do not know what it is to have  
a good, strong, healthy stomach, nor  
do they realize what it is to have a  
good appetite.

You can have an all powerful stom-  
ach and a fetching appetite for every  
meal, and every day, if you give your  
stomach a rest, and let something  
else take hold of your food for you  
and digest it as it comes into the  
stomach, something that is harmless  
but that really does the work of di-  
gesting, quickly and thoroughly.

This "something" is Stuart's Dys-  
pepsia Tablets, the most effective lit-  
tle tablets in the world for curing  
anything that may be wrong with  
your stomach. One ingredient of  
these precious little workers digests  
3,000 grains of the coarsest or richest  
food put into the stomach. Think  
of it, 3,000 grains! They are really  
an artificial stomach, because they  
act just like the stomach, they digest  
your food, just as though you didn't  
have a stomach at all. It supplies the  
stomach with the digestive juices  
which have become weak and scanty.

Then your indigestion, dyspepsia,  
sour risings, brash, belchings, acidity,  
fermentation, loss of appetite, aver-  
sion to food, bloaty feeling, heart-  
burn and nausea, will be no more.  
You can then eat anything you want,  
all you want, whenever you want,  
and your stomach will feel fine before  
and after your meals. Your appetite  
will be a thing of pleasure to have,  
your meals will be a pleasure to eat  
and relish, and your digestion will be  
thorough and soothing to the whole  
body.

You can't do your work well, or be  
cheerful, or have energy or vim or  
ambition, when your stomach is bad.  
Make yourself feel good after a  
hearty meal, feel good all over, clear  
your mind and make you enjoy life,  
by taking Stuart's Dyspepsia Tablets.  
Give your stomach a rest, so it can  
right itself, then you need fear noth-  
ing. Send us your name and ad-  
dress today and get a free sample  
package of Stuart's Dyspepsia Tablets  
by return mail. After you have tried  
the sample, you will be so thorough-  
ly convinced of what they can do for  
you that you will go to your nearest  
druggist and get a 50c box of them.

Send us your name and address to-  
day and we will at once send you by  
mail a sample package free. Address

Sees Squalls; Abandons Work.

Chicago, Feb. 27.—Owing to rail-  
way legislation and the difficulty of  
raising money, as well as the increas-  
ed cost of labor and material, the Chi-  
cago, Milwaukee & St. Paul railroad  
has temporarily abandoned improve-  
ments and extensions for which the  
management expected to spend be-  
tween \$6,000,000 and \$8,000,000. "It  
is true," declared President Earling,  
when asked regarding retrenchments,  
"that the St. Paul road is not going  
to do any work this year that is not  
necessary. I am not an alarmist, but  
when the prudent mariner sees a  
squall coming he will trim his sails.  
And it seems to me there are plenty  
of squalls on every side for the rail-  
roads just now."

**ICE TRUST CASE  
TO BE DECIDED  
IN COLUMBUS**

DEFENDANT COMPANIES ARE  
CHARGED WITH RAISING  
THE PRICES

And Driving Out Competition—Argu-  
ment in the Case Finished on  
Tuesday Afternoon.

Columbus, Feb. 27.—Winning under  
the denunciation heaped on them by  
County Prosecutor Karl T. Webber in  
his closing argument yesterday after-  
noon, Columbus ice men charged with  
violating the Valentine anti-trust act  
made the unusual request that a  
stenographer take down the argument.  
The defendants, in the event they are  
convicted, will claim the argument of  
Mr. Webber was improper. As a rule  
only the testimony is taken by the  
court stenographer.

Mr. Webber reviewed the evidence  
in the case. He denounced the ice  
dealers for raising prices on the pub-  
lic and the county and for driving out  
of business all peddlers who were un-  
friendly to the alleged trust. He cast  
ridicule on the excuses made by the  
dealers for their meetings and the ad-  
vance in prices.

In the event of the conviction of the  
ice "trust" members, whose trial prob-  
ably will be completed today, the  
maximum penalty for each individual  
found guilty will be a fine of \$5000 or  
12 months in the workhouse or county  
jail, or both. Corporations found  
guilty may be fined \$5,000.

The following are those who are in  
suspense regarding the verdict and its  
possibilities of punishment. C. S. Mal-  
colm Kinnaird, W. F. Polley, C. S.  
Welch, D. Oliver Davies, Starling  
company, the Columbus ice company,  
Waddell, W. S. Phillips, the Crystal  
Ice Manufacturing and Cold Storage  
the Waddell & Brennan company, the  
Indianola Ice company.

Besides Prosecutor Webber, argu-  
ments were made yesterday by Birch  
Huggins, Walter B. Page and Augus-  
tus T. Seymour, who represent the  
defense.

**Not Part of Bridge Trust.**

Bellefontaine, O., Feb. 27.—Attorney  
General Ellis dismissed the quo  
warranto proceedings against the  
American Bridge company, a New  
Jersey corporation, with its main of-  
fices in Cleveland, which was indicted  
last spring on the charge of being a  
part of the so-called bridge trust. In-  
vestigation has failed to reveal any  
connection between the American  
Bridge company and the pools alleged  
to have been entered into by the other  
companies operating in this state.

**LICKING.**

The series of meetings at the Lick-  
ing Baptist church were ended last  
week, with a number of accessions to  
the church. It is considered to have  
been the best meeting held here for  
several years. A deep and abiding  
impression was made by the very able  
sermons of the Rev. Mr. Joseph A.  
Bennett of Newark.

The sad news of the death of Mrs.  
Alfred Parish has just been received.  
The deceased was an aged and highly  
esteemed woman, whose home was on  
the Granville-Lancaster road, two  
miles south of Luray. The stricken  
husband and family have the heartfelt  
sympathy of the entire neighborhood.

panied her father, Mr. Olds on a visit  
to Lima, has returned home.

Mr. Charles Richardson of Pueblo,  
Col., who has spent the fall and win-  
ter with her parents, Mr. and Mrs.  
Aaron Hillbrant, returned to her home  
recently.

Mrs. Zane Watts spent Saturday  
and Sunday with her mother, Mrs. Miller  
of Kirtlandville.

Mr. Clarence Lawyer is suffering  
with the grip this week.

Mildred, daughter of Mr. and Mrs.  
Calvin Richards, has been quite ill  
with pneumonia, but is now believed  
to be convalescent.

The many friends of Mrs. Julia  
Powell of Granville, sister of E. M.  
Sharer, are regretful to learn that she  
is critically ill, having sustained a  
severe stroke of paralysis.

The regular business meeting of the  
Licking church will be held next Sat-  
urday at 2 p m.

Mrs. Wayland Marlow of Niagara  
Falls, N. Y., is the guest of her pa-  
rents, Mr. and Mrs. E. M. Sharer.

**THORNVILLE.**

J. K. Tabler and Thomas Gutters

land.

D. N. Belt was a business caller in  
Columbus Monday.

The engine and machinery to drill

the first gas well was hauled from  
the station to Mr. Yost's farm, and  
work will begin at once.

Robert Barnes of Brownsville was  
here on business last week.

Mrs. Parks is improving rapidly.  
Isaac Cooperider and wife were the  
guests of their daughter Mrs. Lut-  
ther Lynn, last Wednesday.

Henry Lyon of O. S. U. visited his  
parents the last three days of last  
week, and returned to his school  
work Monday.

John Stoller has moved his saw  
mill to the Humberger farm where  
he will saw wood for a barn for E. E.  
Paulson.

Justice Edmund's court was in ses-  
sion Tuesday.

Attorneys Moore and Moore were  
in Lexington on professional business  
Thursday.

**LINNVILLE.**

The Ladies' Aid will have a box  
social here Saturday night, March 2.  
Ladies come and bring your boxes,  
boys come and bring your pocket-  
books full of money, as they are go-  
ing to sell a nice quilt.

There is quite a good deal of sick-  
ness in the community.

Miss Pearl Orr was visiting her  
mother over Sunday.

The many friends of Mrs. Thomp-  
son Powers were sorry to learn of  
her death on Saturday.

Master Karl Boiling is ill with the  
pneumonia.

Miss Mayne Stevens spent Satur-  
day and Sunday with Mr. and Mrs.  
R. C. Lawrence.

Olen Orr, Claude Lawrence and  
William Frush attended the play at  
Brownsville.

Mr. and Mrs. Thomas Aldrich and  
son returned home after two months'  
visit in the east.

Mr. William Courson had the mis-  
fortune to lose a valuable horse.

Miss Besse Stevens has returned  
home after visiting her uncle, Mr. A.  
Smith Stevens.

Mr. and Mrs. Jess Woolard vis-  
ited their mother, Mrs. Amos Courson  
a part of this week.

Mr. and Mrs. Clyde Eagle expect  
to move in their new home soon.

Our school is progressing nicely  
under the management of P. E.

**MOTHERHOOD****MRS. DANIEL SULLIVAN**

Unquestionably preparation for a  
healthy maternity is accomplished by  
Lydia E. Pinkham's Vegetable Com-  
pound more successfully than by any  
other medicine, because it gives tone  
and strength to the entire feminine  
organism and renders it perfectly  
normal.

A woman in good physical condition  
transmits to her children the bless-  
ings of a good constitution. Read  
what Lydia E. Pinkham's Vegetable  
Compound did for Mrs. Sullivan, 589  
E. 7th Street, Flatbush, N. Y.

"What a blessing Lydia E. Pinkham's  
Vegetable Compound is to motherhood. I  
sent you a picture of my three months' old  
baby and myself, and the photo shows the  
splendid condition of our health. That I am  
so well and the baby so healthy and happy  
is entirely due to your excellent remedy  
Lydia E. Pinkham's Vegetable Compound.  
I took it for five months before baby came  
and it brought me an easy confinement and  
kept me strong, whereas I was weak and in  
perfectly miserable health all the time when  
my first three children were born."

Mrs. Geo. Walters of Woodlawn,  
Ill., also writes:

"I feel it my duty to tell of the good Lydia  
E. Pinkham's Vegetable Compound has  
done me and to recommend it to all expec-

tant mothers to insure a healthy child and  
easy birth. I had lost three children and  
was discouraged when a friend advised me  
to try Lydia E. Pinkham's Vegetable Com-  
pound. I did so and it not only kept me  
well and strong but I have as healthy a  
child as you will find anywhere. I hope  
other discouraged women may read this  
letter and take Lydia E. Pinkham's  
Vegetable Compound and be benefited by  
it as I have been."

Women should remember that for  
more than thirty years Lydia E. Pink-  
ham's Vegetable Compound has been  
without a rival in sustaining woman's  
health and curing all those painful  
ailments peculiar to her sex. Its re-  
cord shows that it has cured almost  
every form of female complaint, orga-  
nic troubles, inflammation and ulcer-  
ation, falling and displacements and  
consequent spinal weakness, and is  
peculiarly adapted to the  
periods of child-birth and change of  
life. It cures backache and all those  
bearing down sensations.

If there is anything about your  
case you do not understand write to  
Mrs. Pinkham, Lynn, Mass., for  
advice. It is absolutely free. Thou-  
sands of women have done so and  
have received help.

**GOWN OF CREAM NET AND LACE.**

A very effective gown for evening  
wear is depicted in the accompanying  
plate. The model was made over gera-  
num taffeta, doubly veiled with white  
chiffon and tulle. About the bottom  
was a deep flounce of very wide  
tucks, above which was a wide band  
of lace, the lower edge of the band be-  
ing finished with a plaited frill of thin

lace. Velvet straps were shipped  
through this wide band of lace, hang-  
ing in loops and ends. The bodice  
was made of the net and lace, over  
which was a little halero-like coat of  
satin brocade. Little velvet revers  
were used on this coat, and straps of  
the velvet were also introduced about  
the lace sleeves.

### SPECIAL SHOWING

Of our better-class of Wash Goods for Spring and Summer wear. It's just the right time to buy; assortments are at their height of completeness, and latest styles are here in abundance. We mention a few most popular fabrics, but to have a better idea, come and let us show you through this extensive line.

**SOIE IMPRIME**—A beautiful silk and cotton fabric—showing the new hand-painted effects. White and colored grounds with dainty floral patterns; also, the new Paris stripe effects.

**SILK PLAID ORGANDIES**—Plaid effects prevail throughout every line of new dress goods. This particular fabric shows many rich combinations of style and coloring, printed on white grounds with woven silk plaid designs, producing a very pretty effect.

**BOULE DE SOIE IMPRIME**—One of the most handsome fabrics of the season. A cloth of very fine texture with woven satin coin-spots. White grounds with printings of all the popular shades, including the new soft grays, now so prominent in wash materials.

**PEARL DROP FANCIES**—White and soft shades of pink, light blue and Nile; solid colorings relieved by fancy weaving in pearl drop effects. Beautiful for evening gowns—not too elaborate for street wear.

Besides these few specialties we have many other foreign novelties to show you all at the popular price—

## TRAIN JUMPED FROM THE TRACK DOWN EMBANKMENT

KILLING THREE PASSENGERS AND INJURING OVER A HUNDRED OTHERS.

### BROKEN RAIL THE CAUSE

Negligence Was the Cause of Fowler, Ind., Wreck—Steel Ties are Doomed

Guelph, Ontario, Feb. 27.—The westbound Chicago express on the Grand Trunk was wrecked near here. Three persons were killed and every passenger on the train suffered more or less serious injuries. The entire train, with the exception of the engine, jumped the track and plunged over a 30-foot embankment. The dead: John O'Donohue, former mayor of Stratford, Ont.; Charles Rankin of Stratford; two-year-old son of H. C. Walker, Peterboro, Ont.

**Elevated Wreck.**  
New York, Feb. 27.—Six persons were injured by the collapse of a portion of the Third Avenue railroad track at Chatham square. The rear car of a train fell into the street. The other end of the car hung to a part of the track which did not fall. The car was almost on end.

**GROSS NEGLIGENCE**  
Of Employees and Management Was Cause of Railroad Disaster

Fowler, Ind., Feb. 27.—Charles S. Conley, coroner of Benton county, Tuesday returned his finding in the case of the Big Four disaster at this place, January 19. He finds that George W. Sears, assistant train dispatcher at Kankakee; Charles Mills, conductor, and John Kobbie, engineer, both of freight train No. 95, and the head officials and management of the Big Four company were guilty of gross negligence. He also finds that Edward W. Tripp, engineer of the ill-fated passenger train, was running his train at reckless speed when the accident happened. The coroner, however, did not order any arrests.

**BLOWING UP**  
Of Big Four Train Attributed to Anger of Saloon Element.

Terre Haute, Ind., Feb. 27.—The arrest of Henry Donald, keeper of a "blind tiger" liquor shop at Sandford, Ind., and his bartender, James Scanlon, on a charge of dynamiting the Methodist church and two business houses at Sandford, a few nights ago, is being connected with the blowing up of a Big Four passenger train at Sandford January 17, at which 15 passengers were killed.

It is said that prior to the wreck of the train threats were heard against Seitz Wolfe, member of the Vigo county criminal jury; Benjamin Eddinger, of Sandford, and other residents of Sandford who were on the train.

Detectives with photographers were at Sandford Tuesday taking pictures of the church and two stores dynamited last week. The pictures are for the prosecution.

**STEEL TIES**  
Ordered Removed From the Pennsylvania Railroad System.

Philadelphia, Feb. 27.—General Manager Atterbury of the Pennsylvania railroad company, has ordered the removal of all steel cross ties now in use on the line of the Pennsylvania railroad. This order is the result of the recommendation of the special committee appointed by the general manager to investigate the wreck of the Chicago special near Mineral Point on Friday night. The committee says:

"We are unable definitely to account for the cause of the accident, but the best reason for it that we can advance is that at the point where the derailment occurred some foreign material became wedged between the flange of the left rear tender truck wheel and the inside rail.

"We are of the opinion on account of the lack of positive evidence as to the cause of the derailment and on account of the fact that the damage subsequent to the derailment was more serious than would have been the case with wooden ties, that the remaining steel ties should be removed."

**Express Companies Accept.**  
St. Paul, Minn., Feb. 27.—At a conference between the general officers of seven express companies doing business in this state and the joint legislative committee appointed to investigate the subject of railway rates, the companies rendered all further investigation unnecessary by announcing their willingness to accept the revised schedule of rates proposed by the railroad and warehouse commission. The schedule makes an average reduction under the present rate of about 25 per cent.

**Detectives Arrested.**  
Salt Lake City, Feb. 27.—George H. Sheets, member of the city police department, and George Riley, chief of detectives, were arrested charged with complicity in a conspiracy to fleece tourists and travelers passing through Salt Lake City.

## MASS MEETING

Arrange to attend tomorrow night's mass meeting in City Hall. Read the announcement on page four, column one in today's Advocate.

## ARMY ENGINEERS

(Continued from page 1.)  
had to look for needed capital. The intention of the president is that there shall be an entire reorganization of the commission, with three army officers of the engineer corps, its leading members, who are to have charge of the engineering features of the canal work. The chairman and engineer-in-chief of the commission will be Major G. W. Goethals, and his associates will be Major D. DuB. Gallard and Major William L. Sibert, to rank in the order named. These officers are all comparatively young, ambitious and energetic members of the corps. The reorganization is to become effective immediately upon the confirmation and retirement of the old commission. Senator Joseph C. S. Blackburn of Kentucky, who retires from the United States senate on March 4, is to be made a member of the reorganized commission. The nominations of the present commissions now pending before the senate include Messrs. Shonts, Stevens, Endicott, Haines, Herrod, Gorgas and Jackson Smith. Their confirmation is desired in order to remove all doubt as to the legality of certain acts they have performed in connection with the making of contracts. The president is not aware of the specific reasons which have been influential in prompting Mr. Stevens' resignation. It surprised him very much, for as late as the middle of December, when he was here, Mr. Stevens made no mention of his wish to retire in the near future. It has been known, however, that Mr. Stevens has been stung very much by criticism aimed at him in connection with canal work, and he has been disposed to complain somewhat about them. Some of this criticism came out during the hearings before committees of congress. The salary question also is understood to have had an important bearing on his retirement. It is understood that Mr. Stevens is leaving the government's service to accept a position in connection with a great engineering enterprise in this country.

## ARCHIE S. WHITE TO GET BIG SUM FOR GAS MERGER

A dispatch from Cleveland says that it was admitted in court Tuesday that Archibald S. White, in return for his services in the promoting of the proposed \$75,000,000 merger of local gas companies is to receive \$7,000,000 in common stock. The Columbia Gas and Electric company, the merged company, has issued \$10,000,000 in common stock, \$3,000,000 of which has been set aside as bonus to the shareholders of the two old companies. The admission was made by Caleb E. Gowan, who, with Charles P. Taft, of Cincinnati, engineered the Cleveland end of the gas combine.

The promoters are forced to show their hand by suit brought by a woman who seeks to check the merger.

## FOUND HIS WIFE DEAD ON FLOOR

Sudden Taking Off of Mrs. Frank Granger, a Prominent Granville Woman Tuesday.

Granville, O., Feb. 27.—Mrs. Frank Granger, one of the most estimable and best known women of Granville, who, with her husband, lived with Mr. Granger's mother, corner of Broadway and Pearl streets, this place, was found dead at her home Wednesday morning. Mr. Granger had attended lodge on Tuesday evening, but returned at a comparatively early hour, and after talking to Mrs. Granger for some time, retired and almost immediately fell asleep.

When he awakened Wednesday morning he found that Mrs. Granger had not occupied her bed during the night, and becoming alarmed, immediately began an investigation.

On entering the sitting room on the second floor of the house, where he had left his wife sitting at a table when he retired, he was horrified to find her lying dead on the floor, life having apparently been extinct for some hours. He immediately summoned Dr. W. L. King, who, after making an examination, gave it as his opinion that death had been caused by apoplexy.

Mrs. Granger was aged about 59 years. She is survived by her husband and two daughters, Mrs. Fred Ransower, of Pueblo, Colo., and Mrs. Edward McKinney of Vanatta.

At this writing the time of the funeral has not been decided.

Five members of the Missouri legislature are down with smallpox.
